

CODE OF BEHAVIOUR

SAINT FINIAN'S NATIONAL SCHOOL

2023/2024

Code of Behaviour

Introduction

As a catholic school, we live the code handed down by Jesus, “love one another as I have loved you”. We believe this is the heart of all our behaviours with one another in school.

Our School aims to provide a happy, secure, friendly, learning environment, where children, parents, teachers, special needs assistants, ancillary staff and Board of Management work in partnership. Each individual is valued, encouraged and respected for their uniqueness and facilitated to reach their full potential in a positive atmosphere.

This will enable the child to live a full life and will equip him/her to avail himself/herself of further education so that he/she may go on to live a full and useful life as an adult in society.

The staff are committed to the realisation of these objectives. Our aim is to create a happy, secure environment for our pupils in which there is a **sense of good order and a reasonable approach to discipline**. In this way, a large group can be organised so that the school can operate smoothly for the benefit of all.

This revised Code of Behaviour comes into effect on 30/9/2023. The code has been considered by the Parents Association, Staff, Education Welfare Officer and approved by the Board of Management. It was ratified by a unanimous vote of Parents. The code is mindful of the Curriculum, the school’s Health & Safety Statement, Anti-Bullying Policy, Friendship and Inclusion Policy, Admission and Participation Policy and Child Safeguarding Policy.

Teaching the Behaviour we want to see:

All pupils are expected to behave in a reasonable manner both to themselves and to others, showing consideration, courtesy and respect for other pupils and adults. We must teach the children how we want them to act and be role models in our own actions.

In September all teachers, SNA’s and staff will take time and extra curricular SPHE time each day to teach the positive behaviour we want to see. Time will be taken to teach children emotional regulation strategies. Children will be taught how to name different emotions, to describe what these emotions look like and to discuss appropriate ways of acting when we experience different emotions. Children will develop skills needed to manage their emotions. Each class will participate in daily breathing techniques. We will make an effort to ‘catch the

children' being good. The staff will praise and encourage kindness, calmness, restorative questioning and answering, circle time and wellbeing.

It is our aim that each child will learn the skill to emotionally regulate their own emotions and thus be able to access the curriculum in a happy environment.

Restorative Practice

It is our aim that children will learn and use restorative practice techniques in our school. Restorative practice provides a focus on developing positive relationships between all members of the school community. It gives opportunities for pupils to take responsibility for their behaviour and learning. Restorative practice is a process whereby children are given the opportunity to reflect on their behaviour and how they and others have been affected by it so as to help heal broken relationships and prevent reoccurrence.

Restorative practices questions will be practiced through circle time. Restorative practice corners will be set up in each classroom. A calm corner with a range of sensory equipment will be set up in each classroom. Children will be provided with a safe space they can go when they are feeling overwhelmed.

Where suspension occurs, the school will use restorative practice involving all parties affected to help repair the harm done.

Restorative practice posters are displayed in the school and are in use in the classrooms.

See Appendix 1

Positive Rewards for Positive Behaviour:

When we see positive behaviour we reward this behaviour with an affirmative comment, friendship pass, classroom certificate, individual/group reward or/and end of year reward. Good behaviour and achievement will be recognised. Consistent positive influences are the key to success in our school.

For any child with additional behavioural or learning difficulties there will be an individual behaviour system in place.

Each class will have individual, group and team behaviour systems in place.

Good behaviour means learning can take place

Teachers, staff and pupils should treat others as they would like to be treated themselves. When dealing with behaviour issues the teacher will do so in a calm and appropriate manner. We will use individual conferencing and group conferencing when deemed appropriate. Children will have an opportunity to reflect on their behaviour and discuss what is felt to be an appropriate action in repairing the relationship with those around them that were involved. A restorative practice reflection sheet will be completed.

Behaviour in the School Environment & Behaviour on School outings

Respect and courtesy to others is essential. Any kind of verbal or physical abuse of other pupils is unacceptable. Use of foul language among pupils is unacceptable. Bullying or intimidation of other pupils is not allowed and is always regarded as a serious offence. (See Anti-bullying and Friendship and Inclusion Policy). Pupils must show respect for school property at all times. For reasons of safety and to minimise accidents, pupils should move about the school in an orderly manner.

Pupils are encouraged to be respectful of each other on their way to and from school. When on school outings pupils are expected to behave in an orderly manner and show respect for public property. **Pupils are asked to represent themselves, their school and their community with dignity and pride.** They should always co-operate fully with their teachers and SNAs.

Misbehaviour Sanctions

The purpose of a sanction is to bring about a change in behaviour by:

- helping students to learn that their behaviour is unacceptable
- helping them to recognise the effect of their actions and behaviour on others
- helping students (in ways appropriate to their age and development) to understand that they have choices about their own behaviour and that all choices have consequences
- helping them to learn to take responsibility for their behaviour.

A sanction may also:

- reinforce the boundaries set out in the code of behaviour
- signal to other students and to staff that their wellbeing is being protected.

In instances of more serious breaches of school standards, sanctions may be needed to:

- prevent serious disruption of teaching and learning
- keep the student, or other students or adults, safe.

Suspension

This procedure is used in the case of gross misbehaviour, violent incident, physical fight, attack on a staff member, attack on another child, bullying and or health & safety grounds. It can be a once off incident or a consistent string of behaviours. This includes all children even those who are diagnosed with a learning, behaviour and/or special need:

- a) In the event that there is a single incident of gross misbehaviour the Principal rings the parent/s to explain the incident that occurred and explain that their child is suspended due to this incident. If considered warranted the Principal reserves the right to suspend the pupil for up to and including 3 days initially. This power of suspension is delegated to the principal by the school Board of Management.
- b) In certain circumstances the Principal with the approval of their Chairperson of the BoM may suspend a pupil for 5 school days

- c) A meeting of the BoM may authorise further suspension up to a maximum of 10 days. Suspension will be in accordance with Section 23 of the Education Welfare Act 2000.

Parents of a pupil who has been suspended for 20 school days or more are entitled under Section 29 of the Education Act 1998 to appeal such a suspension.

Expulsion

Grounds for Expulsion

5. Serious threat of violence against another pupil or member of staff.

Procedures in Respect to Expulsion

1. Detail investigation by school principal
2. Recommendation by principal to BoM
3. BoM considers Principal's recommendation and holds hearing
4. BoM decision, is expulsion appropriate? If BoM recommends expulsion, the BoM will propose a date which will allow a 20-day cooling off period
5. Education Welfare Officer is informed of proposal to expel pupil and effective date of that proposal
6. Parents of the pupil are informed of rights to invoke a Section 29 appeal under the Education Act 1998
7. Education Welfare Officer arranges consultations
8. Confirmation of decision.

Conclusion

The essence of our code of behaviour is valuing people and encouraging them to accept responsibility for their own behaviour and to develop self discipline, emotional regulation, empathy for others and a caring attitude to all so that teaching and learning for everyone may be effective.
